

# Two Faiths, One Home, a Shared Future?

*What if Peterborough's Jewish and Unitarian  
congregations could grow in friendship...  
creating a shared sense  
of belonging and ownership?*

*What if every time we entered the building we felt at home  
as one family: our space together?*

*What playful experiments could we try that might lead the way to  
future collaborative possibilities?*

**Saturday, May 12, 10am to 2pm**

You are invited to attend an artfully hosted community conversation at the  
Synagogue/Fellowship in the downstairs community room.

This gathering is informed and inspired by ongoing explorations between our communities,  
such as revitalizing the courtyard and alternative management/ ownership arrangements.

**We'll have a GREAT LUNCH (including dairy and gluten-free options) TOGETHER!**

\$5 donation is encouraged but not required.

At your request, we'll make arrangements for childcare staff to be present to play  
games with your children and youth (indoor & outdoor dependent on the weather.)

**Differences, doubts and reservations are welcome!**

**Let's discover what we are afraid of, what we long for, and what next steps we could try.**

To help us plan for lunch and childcare, please RSVP by May 8 to Elaine at:
