

**UFP IN-PERSON ATTENDANCE ACKNOWLEDGEMENT AND PROOF OF VACCINATION RECORD**

The Safe Gathering Committee, UFP Board and UFP staff and volunteers have been working hard to implement requirements and recommendations related to decreasing the risk of Covid-19 transmission for those attending in-person services and UFP related gatherings.

Signs in the building and instructions communicated in the Flame and on the website are meant to update those attending as to the current protocols that will help to decrease the risks according to the Ministry of Health and local health authorities. It is expected that those attending will adhere to these protocols with the goal of keeping one another safe during the Covid-19 pandemic.

Measures such as requiring the use of properly fitted masks, keeping a physical distance of 6 ft/2 m between households, limiting the use of shared items, using active Covid screening and requiring good hand hygiene, will be in effect during all UFP gatherings.

It is now more clearly understood that airborne transmission is part of this virus' characteristics and that good ventilation and air filtration are known to help prevent the spread of Covid 19 when people gather indoors. Unfortunately, the building in which we gather, and the HVAC system within it, do not meet currently accepted best practices for ventilation and filtration. This is true of many older buildings.

It is also known that older adults, and those immunocompromised due to medication or an existing health condition or disease, may be at increased risk for more severe consequences should covid be contracted.

Consideration of these, as well as other more personal factors, should be made by those trying to make a decision about whether to attend in person. UFP is committed to providing dual platform services and online attendance options not only for Sunday services, but also for smaller gatherings, for meetings and for social events.

By signing here, you are indicating that you have read the above information, that you will make a decision regarding in person attendance that is right for you and that you will do your part to help decrease risks for others attending as well.

Proof of full vaccination or medical exemption is required to attend in person services or other UFP gatherings. By having your POV checked at this time, you are also providing consent to UFP to keep record of this and that this information can be used each Sunday or at other gatherings. If you do not provide that consent here, you will be required to provide POV each time you attend and that accommodation will gladly be made.
